

## Notes from of Editor-in-Chief

Started in 2009, JWE will begin its eight year in 2016. From the beginning until now, it has grown tremendously in size and prestige.

The JWE has a very good team of Editors, which ensures that papers are expertly reviewed. The journal also has a very wide readership. Namely, the JWE publishes relatively few papers per issue (approximately 7 or so) and this has the benefit of greatly increasing the visibility of the articles we publish. The additional benefits of publishing in the *Journal* include fast decision times and rapid turnaround of accepted articles.

All publications in the JWE are in English language. Authors whose first language is not English should make sure their manuscript is written in idiomatic English before submission. Please write your text in good English.

If you have thoughts or questions on any of the articles in this or earlier published issues please contact me.
